Citizens Question Wisdom Of Development By-laws

An interested citizen, Barry Breadner who has often registered concern over the direction St. Albert Council is taking regarding the ratio of new developments, with the town's capacity to supply water services, questioned council Monday night at the regular meeting.

Mr. Breadner questioned council during the public

hearing period when bylaw 14/73 BACM Stage 6 came up for second and third reading. Bylaw 15/73 also deals with BACM's Stage 3, both projects are going forward in the Lacombe area. The latter bylaw 15/73 was also up for public hearing and second and third reading.

Mr. Breadner's concern centered on the point of, "do you know how many

residents these two development projects involve?" Mayor Gibbon replied that according to Mr. Armand Donais, representing BACM both stages would ultimately accommodate 930 residents.

"In view of this town's peak capacity to serve 17,000 residents with water services," Mr. Breadner said, "and this town's pre-

Police Investigate Two Break-Ins

A break-in at the St. Albert Drive-In Theatre last Thursday netted thieves a large sum of money, but the amount was not disclosed.

RCMP in St. Albert were notified of the break-in at

about 9 a.m. Thursday and immediately launched an investigation. The Drive-In Theatre's concession premises and private office were thoroughly searched by the culprits and it ap-

pears, according to police, that cash was the object of the break-in. The stock of food, confectionary and tobacco was left intact. Only damage to the premises was the door to the concession building which was forced open by the thieves.

RCMP in St. Albert are continuing their investigation and are being assisted by the Edmonton plainclothes force (GSI).

Another break-in was reported earlier, this one was at Crescent TV at their new location in the Sturgeon Shopping Plaza. Thieves broke the front door to gain entry and escaped with three television sets plus sundry items valued at more than \$1,000. This break-in was discovered by a passerby who alerted police. Investigations are continuing.

The snowstorm which engulfed the northern part of the province last weekend, including St. Albert and vicinity resulted in only two minor traffic mishaps, according to RCMP here. Police however, report that quite a few motorists skidded into ditches but no injuries were reported and damage to vehicles was light.

PSS Study Trio May Table Dual Report

On April 9 town council received an interim report on Preventive Social Services from the appointed three-man committee comprising of Clifford Keyes, Rich Bailey and Ron Counce.

Since this report was delivered to council behind closed doors, the contents of the report remain a secret excepting for the information circulated by council on Monday.

According to the minutes of the "in camera" meeting, council minutes reveal that Mr. Keyes, chairman of the three-man committee on PSS reported on the extent of the committee's study to date and requested guidance on the type of report

required by council. The committee members also expressed the view that a confidential report and a report for the public would be desirable.

Council members, in view of the request, agreed that the final report on PSS, be it confidential, for public consumption, separate or all in one, be submitted to council members before the meeting at which said report will be presented.

The committee was given six weeks to draft PSS recommendations and review the whole issue. It is therefore expected to appear before council either at the next meeting or soon afterwards.

The Air Cadet band led the Squadron in a parade from Grandin Mall to the Post Office prior to their annual banquet held last Thursday evening. The cadets then fell out and the 34 band members completed a marching drill movement to the community hall where the crowd assembled could see the action, Air Cadet Photo.

Fine program enjoyed at Air Cadet banquet

A total of 270 people attended the annual banquet of #533 Squadron, Royal Canadian Air Cadets held Thursday evening in the Community Hall for cadets, parents and guests. Guests of honor were Inspector Dye of the RCMP Air Division, Western Canada, and Captain Roy Hirt of St. Albert.

Others at the head table were WO1 Bob Bondarevich who served as master of ceremonies, Captain L. D. Gault, commanding officer of the squadron, and Mrs. Gault; Mayor Ray Gibbon and Mrs. Gibbon, ACO Capt Hallett and Mrs. Hallett, ACI WO Hesse and Mrs. Hesse, guests from Canada Forces Base, Namao; Mr. Dick Ryley, president of the civilian sponsoring body, St. Albert Lions Club, and Mrs. Ryley; Nick Bondarevich, sponsoring committee chairman, and Mrs. Bondarevich; WO2 Peter Helten and WO2 John Humbert; Constable Stan Lindsay from St. Albert detachment RCMP MIA Ernie Jamison and Mrs. Jamison were unable to be present.

Inspector Dye spoke on the development of aviation within the RCMP and described how the force makes use of aircraft in relation to their duties. He commented on his slides taken while serving in the far north, which showed many types of aircraft used, from the early De Havilland New-Comet to the new twin-jet prop Otter. The slides gave interesting glimpses of the north country, including midnight sunsets.

Cadet Bondarevich paid tribute, on behalf of the squadron, to Capt. Roy Hirt. He reviewed the history of the squadron since it was re-activated 15 years ago by Mr. Hirt, who served 10 years, making a tremendous contribution to the cadets. He concluded by thanking Mr. Hirt on a job well done for all the cadets. In reply Mr. Hirt said many, many people had helped a

great deal in developing the squadron and in his case "it was not work - it was fun." He went on to say that in all his years with the

movement, he knew of no air cadet who had done well who did not go on to do very

Please turn to page 2

W/O Bob Bondarevich did a commendable job as master of ceremonies at the Air Cadet banquet last week. He delivered a tribute on behalf of the squadron to guest of honor, Captain Roy Hirt seen at the head table with his wife Alma, Air Cadet Photo.

LAB Landfill Order Facing Challenge

The Local Authorities Board order, awarding the Town of St. Albert authority to proceed with plans to establish a sanitary landfill operation about one mile south of here, is being challenged by the owners of property in the area along with Golden West Golf and Country Club proprietors.

In an interview with Mr. Walter Kuhn, one of the owners of the golf course located south of St. Albert and running adjacent to the proposed sanitary landfill site said that in his opinion the public hearing held here last June 21 was "highly irregular and the LAB's decision unsatisfactory."

Mr. Kuhn told The Gazette that he and concerned persons whose land lies adjacent to the proposed sanitary landfill site have visited other similar operations in

the province, "and we've found them to be messy, smelly and a real threat to any community."

"Just let the people of St. Albert visit sanitary landfill sites in Edmonton and Calgary," Mr. Kuhn suggested, "and they'll soon see the tons of paper flying around, vermin crawling all over the place and the stench evolving, from such an operation."

Mr. Kuhn said that he and his colleagues will fight the LAB order with all their resources, "because," he said, "if the garbage dump goes in, we're finished as a business."

April 19 had been tentatively set as the date for the appeal, however, Mr. Kuhn told The Gazette that a new date will be announced later.

Marie Koedam has a big smile as she is presented with a Bon Voyage cake by Figure Skating Club professional Marilyn Godfrey and an orchid by little skater Pat Twerford last Wednesday at the arena. Marie, who co-ordinated the carnival left on Thursday for a vacation in Holland.

LETTERS

Disagrees With Mayor

The Editor:

I take exception to a statement made by Mayor Ray Gibbon, and reported in the daily press last week, in commenting on the bus service, Mr. Gibbon said: "I see no reason why I, as a taxpayer, should help pay for somebody's trip into Edmonton." I think his statement is ludicrous, obviously the words of the head of a two-car household. Ratepayers are often required to pay for services they or their families do not use, the mayor is no exception.

If any bus company is going to provide the level of service St. Albert residents desire, the town must subsidize, and possibly con-

trol, the operation. The electorate have made their wishes clear in this regard, whether the mayor agrees or not, is not important.

The proposed bus schedule is asinine and totally unacceptable. In order to arrive in downtown Edmonton by 8:30 a.m. residents of South Grandin Park would be required to catch the bus at 7! We have no Sunday or holiday service, and the bus company is proposing to reduce the number of Saturday trips. A three-hour gap in service in the evenings is ridiculous.

If St. Albert Town Council cannot negotiate, and insist on a, better deal for local bus riders, perhaps it

is time we looked at amalgamation again.

Hennie Stibbe.

Inane Statement

The Editor:

I find it very hard to believe that Mr. Gibbon made such an inane statement regarding bus service to and from St. Albert and Edmonton.

"I see no reason why I, as a taxpayer should help pay for somebody's trip into Edmonton."

My children have used the St. Albert arena once only and that was to skate for the Kinsmen Skate-a-thon. I have childless friends who have helped maintain schools for our children with their taxes. They have not begrudged this nor do my husband and myself begrudge the people of St. Albert having an arena, which we help pay for.

One cannot run a town on the basis of Mr. Gibbon's thinking. If we all thought this way it would be disastrous. People would be making absurd remarks like "I never use the library, the health unit, why should I pay taxes?" The list of I don't could be endless.

E. L. Ward,

Town Council

Continued from page 1

sent population of 15,088, isn't it unwise to accept more and more development proposals when you know your water supply is limited?"

Mayor Ray Gibbon replied that the town's present water capacity will handle at least 17,000 people and that population has not yet been reached. Mayor Gibbon also pointed out that a careful watch was being kept on St. Albert's population growth and its needs. Councillor John Bakker added to the mayor's comments with a reminder to Mr. Breadner that water capacity figures

Before the invention of the electric needle, tattooing was done with pointed sticks and wooden mallets, much as sculptors work with hammer and chisel. The process could take days.

St. Albert

St. Albert stores, banks and business places will be open on Easter Monday. There will be milk delivery that day. Grandin and Associate Medical Clinics will be open. The town office, the liquor store and the health unit will be closed.

should be in full operation within one month.

Another interested citizen, Richard Platin questioned council about land dedication policies as per development agreements. Mr. Platin was informed that at present 10 per cent land dedication was the policy as prescribed by legislation.

"Why be satisfied with 10 per cent land dedication," Mr. Platin asked, "it seems to me St. Albert is in an excellent position to obtain more land dedication from enthusiastic developers."

Mayor Gibbon replied that council has to work within government guidelines "but that doesn't prevent the developer from dedicating more land if he wants to."

After the public hearings were closed, both bylaws, separately, were given second and final readings on a unanimous vote of 4 - 0.

It ought to be explained here that Councillors Ithson and de Bruijn were absent while Councillor Frank Lukay left the meeting because of illness. Therefore that reduced council to Mayor Gibbon and councillors Fyfe, Thronsdon and Bakker

Air Cadets

Continued from Page 1

well in later life, both in his chosen work and as a good citizen.

Cadet Jacqueline Kufeldt spoke on the history of girl cadets and emphasized that the girls compete equally with boys in all aspects of cadet training. She proved an able speaker with a delightful humour and her remarks were very well received. C. O. Gault was the first to allow girl cadets in a squadron.

Following the banquet the parents and guests were invited to visit the displays

set up downstairs in the hall, which depicted many aspects of the training program such as photography, communications, first aid, public speaking, aircraft and others.

Squadron #533 numbers 101 cadets, served by nine officers, 11 volunteer instructors and four Lions from the sponsoring committee, and comments from those attending their banquet were warm in their praise of the work being done by the cadets and their leaders.

Girl cadets Lynne Tomash, left, and Vivian Bendick dip flags in salute to Roy Hart, honoring him for re-activating the squadron and for 10 years of service in many capacities, including commanding officer. The color party was followed by the cadet band and two flights which included the entire squadron for a total of 115 on parade in the tribute to Captain Hart, which was a complete surprise to him April 5th. It was an impressive and moving parade. In review are Capt. Donna Lynch, left, Capt. L. D. Gaul, commanding officer of Squadron #533, Lt. Les Moorby who received a commemorative scroll marking his commissioning just prior to the parade, Mr. Hart. Dick Ryley, and Nick Bondarevich of the civilian sponsoring committee for the St. Albert Lions are at right.

Local Guides stage successful event

St. Albert Rangers, Guides and Brownies held a delightful tea in conjunction with their bazaar and bake sale in the community hall. Under the eye of convener Mrs. J. Rasmussen the girls arranged an attractive setting and gave their visitors the best in friendly, prompt service with Strawberry shortcake

and tea or coffee.

A delightful twist at the head table was the use of Scout and Cub leaders in addition to ladies as pourers. Alf Garvin, commissioner of Landing Trail District, Mr. E. Shanley, Akeela of 5th Cub Pack, Edward Langford, district trainer with Landing Trail and Gordon Rasmussen, member of

4th Sea Scout group seemed to enjoy the honor. More conventional pourers were Mrs. Ernie Jamison, wife of the MLA for St. Albert, Mrs. Ray Gibbon, wife of the mayor, Mrs. Leonard Musto, wife of the United Church minister, Mrs. Noel Gordon, wife of the Braeside Presbyterian minister, Mrs. Harold Kay, Grandin District commissioner, Mrs. John Tupper, Cpt. of 5th Guide Co. and Mrs. Rasmussen, leader of 4th Brownie Pack.

Behind the scene were many more leaders working in many ways.

Proceeds of the Easter Tea and Bazaar have raised the Wyoming International Camp trek fund to one-third of the amount needed by the Rangers and Guides planning to attend in August.

Mrs. Harry Schultz of 14 Michener Place held the ticket for the coverlet crocheted in pink and white garter square by the Rangers.

ST. ALBERT - A GREAT PLACE TO LIVE - WHY?

Friday, April 13, 1973, several hundreds of St. Albert residents witnessed an audio-visual program called SPELL-BOUND, a medley opera and other selections presented by Pitch and Spice, 220 of our fine young people under the direction of Father Duchesneau.

We have reason to be proud of Pitch and Spice and their contribution to our community, also to the many other communities they have given concerts in.

Final highlight of the evening was when Pitch and Spice presented Father Duchesneau two gifts on the occasion of his birthday and they and all the audience stood and sang Happy Birthday.

Thanks from a happy St. Albert resident,

ALLAN STEPHENSON

Petition presented to Premier

Joan Symonds, Canadian Consumer Association representative reports that the Pore (protest outrageous rising costs) group collected 15,000 signatures on a petition in Edmonton and area for presentation to the Premier. She said that over three hundred of these were from St. Albert.

The petition was presented to Premier Peter Lougheed on Thursday, and the Hon. Bob Dowling, minister of consumer affairs received it as well.

Joan feels the whole subject of consumer affairs is very complex, and embraces such a great variety of con-

cerns that it is difficult for the average consumer to keep abreast of all that is being done or could be done, and then to take action in an effective way. She does not see this as a reason not to keep on trying, however, and believes that the association has done good work

in many areas and will grow stronger. "And I was happy to find a crossrib roast of beef at \$1.09 Saturday morning, a drop of 10 cents per pound," she concluded.

People interested in the work of the Consumers Association may telephone Mrs. Symonds 459-7847.

Good crowd enjoys WI Show

Spring is always an exciting time of the year. New fashions - new fabrics - new colors. And this year the word is out!

Casual, free and easy was the big news at the WI annual fashion show held April 6 at Father Jan's School.

This year it was a show with a difference. All fash-

ions were presented by St. Albert business people, and if you didn't think that St. Albert had anything to offer, you should have been there.

Ladies and gentlemen - teens and wee ones - all were dressed in the height of fashion. Styles for the whole family were presented by Kaleidoscope, Fashions West, Jim Byrne Mens Wear Hutchings Shoes, Stretch Couture and St. Albert Sportshop. Sweetheart Jewellery did the jewellery.

Stretch Couture features some of their students modelling their own designs which added to the interest and was something different. Models were well chosen and of course some of the toddler set stole the show.

An enjoyable musical in-

terlude was provided by the Borle sisters, with June on the guitar while Mary and Cherilynn did the singing.

WI President Doreen Robinson introduced the commentator, Eleanor Baxandall who received a corsage, and Doreen also presented Bertha Kennedy who provided background music at the organ, with a WI Spoon.

A fine turnout of St. Albert residents thoroughly enjoyed the show, judging by comments heard.

Nurses Please Note

The St. Albert Chapter of the AARN has been granted the sum of \$150 from the North Central District to assist nurses wishing to attend the 1973 AARN Convention being held in Calgary, May 1 - 4.

Any nurses wishing to apply for assistance to attend the Convention will be required to fulfil the following conditions:

a) be an AARN member in good standing,
b) be a paid up member of the St. Albert Chapter,
c) be willing to report back,

d) pay the Convention registration fee of \$25 and
e) phone Ruth Eyford - 459-4863 no later than Saturday evening, April 21.

This is the first time the chapter has been granted money from the North Central District for this purpose and it is the hope of the St. Albert Chapter that nurses who are interested and who can attend the Convention will not hesitate to phone and inquire.

Lion President Dick Ryley presents International Director Phil Sterker with a memento of his first visit to Alberta... a set of the Our Alberta Heritage series and a Hudson Bay blanket. Shown in the picture at the head table from left to right - Lions District Governor Rock Holman, Mrs. Barb Sterker, Mrs. Art Stapleton, Mrs. Ray Gibbon and Mrs. Jack Garrett.

Members of Lions Clubs from Edmonton, northern Alberta and northern British Columbia were congratulated and told to pat themselves on the back Saturday during their annual District Spring Training Conference.

The plaudits came from Phil W. Sterker, one of 27 directors of Lions International located throughout the free world. Mr. Sterker, a native of Colorado, attended

the conference and was keynote speaker at the banquet and dance held Saturday night at the Club Mocombo. Delegates from 23 of the 50 Lions Clubs in the district attended the conference held at Paul Kane High School and hosted by the St. Albert Supper Club.

In a wide ranging speech Mr. Sterker told delegates they could be justly proud of their achievements within the communities they serve. He said this district is one of the largest of the 153 geographical locations in the free world served by Lions. He mentioned that membership in Lions International has now exceeded the 1,000,000 mark, and makes Lions the largest service club organization in the free world.

The International Director paid special tribute to the efforts of LEO Clubs - the youth element in Lions dedicated to offering leader-

ship, experience and opportunity to the youth population.

Mr. and Mrs. Sterker had difficulty reaching St. Albert Friday -- because of the blizzard his plane was grounded and the couple ended up driving through the blizzard in time for the reception held in their honor hosted by District Governor and Shirley Holman.

Exhibition trail finishes good season for Chiefs

St. Albert Fire Chiefs bantam hockey team lost a pair of exhibition games over the past week, 6-4 to Barrhead and 5-3 to Nelson Radiator Double A.

Chiefs, going mostly with first year players from the local A house league and only a few of their graduating players, kept the score close for two periods in both games.

In Barrhead they led 2-1 after the first period and 3-2 after the second. Against Nelson Radiator it was 1-1 after the first period but Nelson went ahead 3-1 in the second.

Lloyd Olson, Rod Olson, Terry Leddy and Gary Leddy scored in the game against Barrhead. Lloyd Olson with two and Don Oullette scored against Nelson Radiator.

All in all it was a good season for the Chiefs. They played 46 games, 16 league, seven playoff and 23 exhibitions. They will play their 24th exhibition Thursday night at 10:30 against the men who sponsor minor hockey in St. Albert, the Kinsmen.

Off to a slow season start, Chiefs began to put it all

together in January when Terry Leddy, Richard Fowler and Lorie Loshack got off the injured list.

They had won only two and tied one while losing seven in their first 10 league games. In the final six, they won five and tied one to close out the season with seven wins, seven losses and two ties.

While they were having their disastrous start in league play, they were also having their troubles in exhibition games, winning two, losing eight and tying one. Since then, however, they won five, lost six and tied one, with three of the games being against midget teams and four against double A teams from the city. They won one against the midgets and two against the double A teams.

Winners of the St. Albert Badminton Club tournament are left to right: Pat Waunch, Ian Abraham, Clark Warren, Beryl Harding, Sandy Warren and Judy Wood.
Photo by Margaret Abraham.

Club tournament ends Badminton season

With the badminton season drawing to a close, the club held their final tournament the first two weeks in April. Clark Warren was again the winner of the mens singles, defeating Ian Abraham in the final match. Clark and Ian then teamed up to take the mens' doubles over Tony Raven and Pat Waunch.

Judy Wood was the winner of the ladies' singles with Joan Green runner-up, and Sandy Warren and Judy paired up to beat June Raven and Beryl Harding in the final of the ladies' doubles. Mixed doubles winners were Beryl Harding and Pat Waunch, who defeated Judy

Wood and Ian Abraham in the final.

Dave Cook won the mens' consolation singles over John Bculter, and Vic Karaki and Bill Leonard defeated Lorne Wood and Dave Cook in the consolation mens' doubles. Consolation mixed doubles winners were Joan Green and Lorne Wood, over Sandra McVeigh and Glen Eyford.

Trophies for the club's most improved players this year will go to Sharon Goulet and Joan Green, sharing the honors for the ladies, and Miles Pratt for the men. Badminton is now officially over, and a Hiwalian

party will be held on Saturday, April 28 to wind up the season. The club hopes to see all of the members and their spouses out to this popular annual affair.

Tennis Officers

The annual meeting of the St. Albert Tennis Club was held April 10 in the Clubhouse. Reports were received from D. Kirk, the 1972 president, C. Sage the 1972 treasurer and C. Warren the 1972 tournament captain. The ensuing discussion will give the incoming executive guidance during the coming season.

The new season begins with the month of May, and the organization for it will be handled by the 1973 executive: the president Lorne Wood, vice president Davie Kirk, secretary Sue Taylor, treasurer Cynthia Sage, the tournament captains are Roman Mureika and Bob Green, and the junior co-ordinator is Al Hige. See you on the courts!

Pellets capture Pee wee A

Pro Western Pellets won the pee wee 'A' title with a two game total goal 6-3 score over Willowbrook Saints.

Pellets won the first game 3-2 on goals by R. Cuelllette, P. Poulin and M. White. Saints received goals from M. Holden and B. Brown.

In the second contest the Saints were on the receiving end of 10 penalties and lost the game 3-1. P. Poulin, G. Malby and W. McKenzie scored for the Pellets while M. Holden scored the only Saint goal.

NCA Baseball Meeting called

The South division of the North Central Baseball League are holding their sixth annual meeting on Thursday, April 26 at 8 p.m. in the Morinville Recreation Centre.

League secretary, Paul Riepelt wishes to encourage all teams interested in joining the NCA league to attend this very important meeting.

The agenda includes such items as registration, review and amendment of league rules and objectives, and planning of league and playoff schedules.

The 11-member league last season consisted of seven south division clubs: Morinville Manufacturers, Redwater Pontiacs, Bon Ac-

cord, Legal, Vimy, Namao and Gibbons; and four from north division: Westlock, Barrhead, Linaria and Mayethorpe.

"It is our intention to continue promoting the game of baseball in north-central Alberta, emphasizes Mr. Riepelt, "This league has excellent potential and is constantly improving in terms of quality of play."

For these reasons the secretary feels all the coaches, managers, sponsors and fans ought to be commended and urged to continue promoting baseball.

It is expected play will get underway by May 6 and the Gazette will be following the action.

Gazette Grizzlies take Midget title

The Gazette Grizzlies, coached by constable Mike Hempel won the Kinsmen midget 'A' house league championship Monday night with a two game total goal 13 - 5 series win over Belmont Broncos.

Grizzlies, third place finishers in league play, upset league leading Red Onion Rebels 10 - 8 in the opening series and then elimin-

ated Macleods Hiawathas 5 - 2 to reach the finals.

In the opener Grizzlies scored a convincing 7 - 2 win over the Broncos on two goals by Steve Lister and singles from Geoff Holden, Rod Gouchey, Sandy Millroy, Don Provencal and Ron Gosse. Garry Cochrane and Neil Rae scored for Broncos. Grizzlies broke open a fairly close game with four - third period goals.

Grizzlies took a five goal lead going into the final game and put it out of reach with Sandy Millroy and Geoff Holden's goals in the first period for a seven goal lead. Broncos managed to come back with two goals from Neil Rae and Garry Nugent but Grizzlies then scored four of the final five for a 6 - 3 win.

Lister added a pair while Gary Muzichuk and Ian Blake added the others, Rob-

bie Watt tallied the final Bronco goal.

Both games were excellent games with end to end play. Penalties were few and far between with only three minor infractions in the first game and seven in the second.

Broncos starting goalie Daryl Andrews was forced out of the second game early in the first period when he was hit on the arm by a slap shot.

Knights lose hockey trophy

The St. Albert Knights of Columbus men's hockey team and Lethbridge, finished the annual provincial K of C tournament tied but Lethbridge were awarded top spot as they scored two more goals than our boys.

St. Albert were the defending champs having won in Lethbridge last year.

St. Albert defeated Calgary twice by scores of 6 - 2 and 7 - 1 before tying Lethbridge 3 - 3.

In the 6 - 2 game Peter Van Brabant had a hat trick

while Paul Bilodeau, Rene Morrisette and Art Martineau added singles.

In their second game against Calgary, K. Midget scored a pair with singles going to Bilodeau, Martineau, Cy Klassen, Grant Langly and Ed Rechlo.

In the Lethbridge encounter Van Brabant, Langly and Bilodeau scored.

Mr. Maurice Chabot on behalf of the K of C wants to congratulate the team on their fine style of play and sportsmanship.

Wolves take top spot

The Wolves captured the Shaver A championship by a lopsided two game total goal 23 - 3 over the Canucks.

Wolves took the opener 13 - 3 with M. Siebrasse leading the way with six goals. M. Poulin had a hat trick while D. Laplante added a pair. J. Holden and M. Bouchier scored the other Wolves goals. T. Spencer had two for the Canucks and R. Moore got the other. The second game was all

the Wolves as they shutout the Canucks 9 - 0. D. Laplante led the attack with five goals while M. Poulin had a pair with singles going to M. Siebrasse and S. Forsythe.

Pacific Petes Gain Title

Pacific Petes won the pee-wee 'B' title with a two game total goal 5 - 2 series over the Legion.

Petes won the opener 2-1 on goals by R. Mann and A. Reeves. Legion's lone

goal came from G. Leclair.

In the second game A. Reeves, L. Matychuk and R. Mann gave the Petes a 3-1 win. D. Pratt scored the only Legion goal.

Chiefs meet Kinsmen in last hockey game

St. Albert Fire Chiefs bantam representative team and the Kinsmen Warlords will play an exhibition game Thursday night at 10:30 p.m. It will be the last game in the arena for this season and should provide some good laughs.

The teams played once last year with the Warlords winning 7 - 4 but bantam

coach Doug Millroy feels they will put up a good fight this time out.

Canadians Shaver Champions

The Canadians, first place finishers during regular league play, defeated the Panthers last week, in a two game total point playoff 8 - 3 to capture the Shaver B championship.

The six goal performance by Canadian captain Ronald Heese, together with two goal effort by linemate Bill Saul, and outstanding goaltending by Leo Parth, decided the victory for the Canadians.

In the first game of the series, the Panthers seemed to be on the way to an upset, as they took a 2-0 lead after only three minutes of play on goals by Joey Grant and Dene McGunigle. Bill Saul replied for the Canadians before the end of the first period, and the Panthers held a 2-1 edge after the first 15 minutes of play. The

second period was scoreless with both defences being very effective. Bill aul scored his second goal of the night at the one minute mark of the third period, and it seemed to inspire the Canadian players. Canadian captain Ronald Heese took over from there and scored four quick goals before the end of the game, three of them in the span of 2 1/2 minutes. Canadian goaltender Leo Parth held the Panthers at bay for the rest of the game, and the final score was 6 - 2 for the Canadians.

The second game of the series was a very close contest, with the Canadians taking a 2-1 decision over the Panthers. Ronald Heese, scoring both of the Canadian goals opened the scoring at the seven minute mark of the first period to put the Canadians ahead 1-0. Ex-

cellent goaltending and team play by both clubs kept both teams off the scoreboard until the 14 minute mark of the third period, when Scott Stata of the Panthers scored the equalizer, his first goal of the series. However, the

Canadians stormed back one minute later, and Ronald Heese scored his second goal of the game which put the team ahead 2-1 in the game and 8-3 on the round, a lead they never relinquished.

RECREATION

Most activities held in the schools will be cancelled during the Easter holidays so that the schools can be given their annual spring-cleaning.

TENNIS:

The annual registration for tennis lessons sponsored and organized by the St. Albert Tennis Club in co-operation with the Parks and Recreation Dept., will be held at Sir George Simpson School (Main Hall entrance) Wednesday, April 18, at 7:30 p.m. - classes are limited so register early.

SOFTBALL:

Registrations for the girls softball are being taken at the Dept. of Recreation in the Town Hall. Coaches are required for this program and Mrs. Betty Anderson would be very pleased to hear from anyone willing to volunteer their services, phone her at 459-6124.

BASEBALL:

Boys 9 - 17 years who missed the two registration days for baseball can register at the Dept. of Recreation in the Town Hall.

SQUARE DANCING:
The St. Albert Saints and Sinners Square Dance Club will be holding their regular dance on Saturday, April 21 in Sir Alexander Mackenzie School. Information about our local square dance

HIGHLIGHTS

group can be obtained by phoning Mrs. Terrault at 459-6896 or Mrs. Jenkins at 459-8831.

ARTS & CRAFTS:

At the time of writing there are still openings in the following classes, sponsored by the St. Albert Arts and Crafts Guild: oil painting, copper enamelling, kite building, and the arts and crafts class for pre-schoolers.

Phone Mrs. L. Folkins at 459-7344 or the Dept. of Recreation for information.

LOST AND FOUND:

Miscellaneous articles lost and found at the rink shacks and the arena during the winter are now in the office of the Recreation Dept. at the Town Hall - if not claimed immediately, they will be disposed of.

FAMILY CAMPING:

The first Camp-Out for the 69ers Camping Club will be May 12 and 13 at the Klondyke Trailer Park. There will be a sing song Saturday evening and Sunday morning a pancake breakfast will be served. For information about the club phone Mrs. Brige at 459-8290 or Mrs. Kay at 459-7488.

ARENA:

The St. Albert and District Arena will officially close on Thursday, April 19.

Motorbike riders here's your chance

The Loyal Order of Moose are looking for new recruits to fill two teams for the Klondike Kids this year. One team will be used to man the three tourist bureaus for the City of Edmonton, and the other team will be used to perform in parades etc., throughout the Province, as well as being used to teach safety to other motorcycle riders who would like information on the handling and care of their machines.

The Lodge is hopeful of making up two full teams of at least 16 boys on each, between the ages of 14 and

16 with motorcycles from 50 cc's up to 350 or over.

It has been hoped that a trip would be arranged to take the Precision Team on a trip through Montana, Washington, and California but unless a sufficient number of recruits can be obtained shortly, there would not be time enough to make all the arrangements necessary for the trip this year.

Any interested parties may contact the secretary at 475-2273 or write to Glenn Biddorf #18 - 13046 - 82 St., Edmonton, Alberta,

Janet Kyle, Linda Matear, Vivian Brackman, Sue Paveluch, Kathy Husband, Val Thomas, Cheryl Wakefield and Beth Heurman take their audience on a trip to Russia at the carnival put on by the Figure Skating Club Friday and Saturday evenings.

Mens Grass Hockey

The Edmonton Men's Field Hockey Club wishes to recruit players in a city competition this summer. For further information call - KIER PEARSON AT 432-5628 (days) OR JOEL KLEIN 459-5598 (evenings).

Comment From Ottawa

Economic Policy Termed Disastrous

Hon. Marcel Lambert, M.P.
P.C. - Edmonton West

It does not seem possible that any government would be foolish enough to continue to pursue a policy of economic management which has not only proved to be wrong, but disastrous in its effects.

Yet, indications are very strong that this is exactly what the Trudeau government is doing.

Finance Minister John Turner says that he is committed to full employment. But the Bank of Canada's latest annual report adds to the growing evidence that the Trudeau government will continue its cruel practice of deliberately creating unemployment as a means of combating inflation - a simplistic and old-fashioned trade-off approach which is neither relevant nor humane in the context of today's society.

The point is, that the Trudeau government's economic policies, however well intentioned, are not working. In fact, they have failed dismally.

Before the Trudeau government took office, consumer prices in Canada were increasing by about 4.1 per cent per year. Over the past five years, consumer prices in Canada have increased approximately 21.1 per cent.

Before the Trudeau government assumed power, Canada's unemployment rate was about 4.8 per cent. By 1972, it had risen to 6.2 per cent.

So, inflation has not been curbed. Unemployment has been created and has remained at almost unbearable levels.

Progressive Conservative Members of Parliament, during the budget debate, offered a number of alternatives to the government to force a solution to the problems of unemployment and inflation.

Most of these alternatives are well known to Canadians by now. A two-pronged attack on the problems of inflation and unemployment; the imposition of a 90-day freeze on prices and incomes and talks with the provinces, business, labour leaders and consumer groups about attitudinal measures following the freeze; the elimination of the 11 per cent federal sales tax on building materials; the repeal of the federal sales tax on all clothing, including children's clothing; implementation of the Conservative's Canadian Investment Incentive Credit Plan.

The most frightening aspect of the Bank of Canada report is that it indicates that the Trudeau government is totally unprepared to admit that mistakes have been made, let alone to devise any plans to correct the situation.

Easter Party

Senior citizens of St. Albert will gather at the Community Hall on Thursday at 1:30 p.m. to enjoy an Easter party, sponsored by the Lady Lions and the Breakfast Lions clubs.

There will be an Easter Bonnet contest and it is hoped that well-known entertainer Jim Oldfield a ventriloquist and musician will be on the program as well. Somebody is going to take home some door prizes and Bonnet prizes and the Lady Lions will be providing an appropriate coffee-luncheon.

The four children gather in the house of their friends, Mr. and Mrs. Beaver to make plans to overthrow the white witch in the play for children presented Friday and Saturday by the Paul Kane Drama Club, under the direction of Dave Geddes. In foreground is Ron Pettigrew in the role of Peter, Debbie Idland as Mrs. Beaver is at left, Peter Upright as Edmund at back. Seated are Mr. Beaver, played by Rene Brunelle, Ina Dykstra as Susan and Loreen Duplika as Lucy at right. Photo by Angus Telfer.

Vital Grandin School's third annual Flea Market held last Thursday proved to be a great success. Here we see customers, young and not-so-young browsing through the hundreds of items offered for sale. Net proceeds have been dedicated for the Share-A- cent, Third World Projects, the missions in South America.

Una Gibson feted at party

The St. Albert Pre-School Education Society, held a farewell dinner for Mrs. V. Gibson at the House of Quon April 10, 1973. Thirty-five women turned out to honor Mrs. Gibson who four years ago organized and started the program with Mrs. Heather Nielsen then called the St. Albert Co-operative Playschool. The following year she was asked to take over as teacher and for the last three years has done an excellent job with the children. The Gibson family will

be moving to Grande Prairie shortly and will be sorely missed in this community.

Una was presented with a hand pewtered pendent by Mrs. Jorgenson on behalf of all the mothers.

Safe Kite-Flying Rules

1. Always fly your kite in wide-open areas, far away from power or telephone lines.
2. If your kite gets tangled in an overhead line, call the power company, or telephone company. They will retrieve the kite for you. DO NOT CLIMB THE POLE. DO NOT pull the string.
3. Always use plastic or paper and wood in your kite. NOT wire or metal. The string must be dry and not metallic — just plain string.
4. DO NOT fly your kite on rainy days.

PSS Director Comments On Situation

By Mona Acker,
Director,
Preventive Social Services

During the past several weeks I have received numerous inquiries about Preventive Social Services and what is happening in regards to getting a new board to govern the program.

In the way of background, in mid-March the council of the Town of St. Albert relieved the members of the Preventive Social Services Board of their duties. This was in response to their request of the council to remove one board member. The reason for removal was given as lack of co-operation and support for the Preventive Social Services program. Council, in its wisdom, decided not to deal directly with the resulting controversy and skirted a hot issue by avoiding the issue entirely. They were on the hook and knew it. Their action was the most politically expedient one.

The second action of council was to solicit applications from the public to form a new Board. This time to consist of seven members instead of the original ten said council.

Council's third action in their series of unplanned and disjointed moves was to appoint a study committee of three to come back to council in six weeks with recommendations for a revamped system of governing Preventive Social Services. This committee consisted of two former Board Chairmen, Rich Bailey and Ron Gausse and a relative newcomer to the Preventive Social Services scene Cliff Keyes.

It is beyond reason why council advertises for appli-

cations and then shelves them, changes the number of Board members and then appoints a study team to recommend on numbers as a part of their report.

Will council pay any heed to the committee's report or will they disregard it? Will they reconstitute the board stripped of any power to make decisions? This will sow the seeds of its failure through the disillusionment of those who voluntarily give of their time to help others yet have no real power to help. It has happened before to advisory committees and boards council has appointed.

The study committee plans to bring in its final report to council the end of April. Submissions, either written or oral, have been requested. Two have been received. Meetings have

been held with many persons knowledgeable about Preventive Social Services and board structures. Council's opinions have been solicited. The literature on boards has been studied. In addition, all three men have experience working with committees or boards in their employment.

What the final report will recommend will be known in about two weeks. It will not be as significant for the residents of this town though as what council will do with that report. The eyes of every citizen of St. Albert concerned with the quality of life here and the attitude of council toward its citizens should be watching council and its handling of this whole affair.

The talk on girl cadets given by Jacqueline Kufeldt was a highlight of the banquet held Thursday evening

for Squadron members, parents and guests.

PROFESSIONAL MAGIC AT ITS BEST

Dale Harney, well known to Edmonton audiences for his many television appearances, has been practicing magic ever since he was twelve years old. His first inspiration was a magician he saw on the old "Ed Sullivan Show". Dale began learning and performing as many tricks and illusions as possible and at the tender age of nineteen he embarked on his own career as a professional magician.

To mark his debut, Dale succeeded in winning the coveted first prize for the best magic act at an international magician's convention in San Francisco. Since that time, Dale has toured all over the West Coast of North America from California to Alaska. In his travels he has appeared with such notables as Tammy Banks, Rex Allen and Rich Little.

Four years ago, Dale added his wife Sheila to the act and together they now perform such great illusions as the Zip Zag Girl (a modern version of the sawing in half of a woman) and the Trunk Escape (originally made famous by Houdini).

Always striving to change and improve, Dale never fails to provide his audiences with outstanding family entertainment.

Dale Harney

"ARTIST IN ILLUSION"

APPEARING DAILY FROM
MONDAY, APRIL 16th, 1973

to
SATURDAY, APRIL 28th,
1973

(2 FULL WEEKS)

OPEN EVENINGS UNTIL 10 P.M.

• 40 STORES AND SERVICES

WEDNESDAY, APRIL 18, 1973, ST. ALBERT & STURGEON GAZETTE - 13

Is your family name on this list?

The steps of the North West Mounted Police in their "Long March West" will be retraced this spring by a group of students from Hamilton Junior High School in Lethbridge.

The students are now busy digging through old diaries and maps to prepare for a film-making trek from Fort Dufferin, Manitoba, to Fort Whoop-Up, Alberta, the route followed by the force on its way to its first major post at Fort Macleod.

To help finance this trip we are offering the people of Western Canada a service. We have listed below the names of those who were involved in the original trek

of 1874. Students will provide a biography of any man on the original trek for the price of one day's pay that a person of his rank would have made at that time. All biographies will have included a resume of all sources used to research them and satisfaction is guaranteed.

Address all enquiries to N.W.M.P. Project, Hamilton Junior High, 429 15th Street South, Lethbridge, Alta.

Students to follow N.W.M.P. trek

About 20 Lethbridge students will relive one of Canada's most colorful historic events this May when they

set out to follow the route established in 1874 by the North West Mounted Police between Fort Dufferin and Fort Macleod.

Under the direction of teacher Bruce Haig, the Grade 9 students hope to cover the trek between Manitoba and Alberta in 10 days, between May 12 and 21.

Since Jan. 1, Mr. Haig and his students have gathered about 500 slides illustrating the NWMP trek. The students themselves have put in more than 350 hours of their own time in documenting the event.

Students hope to earn funds for their spring travel by selling biographies of the 239 men who took part in the original excursion.

The cost of research? A real bargain by today's standards: one biography will cost the equivalent of one day's pay for the 1874 trooper.

Alberta residents wishing to locate information on relatives who may have taken part in the trek will pay from 75 cents to \$7.12 -- complete.

Only one man pulled down the top day's wage of \$7.12 a hundred years ago, that was the NWMP commissioner, Lt. Col. G. A. French. Sub-constables earned 75¢ per day during the trek.

President Henry Terrault, of the St. Albert Community League, presents a cheque for the St. Albert Klmsmen Club in the amount of \$300 to Paul Matear, co-ordinator for the Klmsmen Minor Hockey program. The league decided on the money rather than a banquet which they sponsored last year for the young hockey players.

Judy Bischler, left and Yvonne Heemeryck of the J & Y Welding Ladies Fastball Club accept a cheque for \$50, a useful donation indeed at the start of their season. Mr. Henry Terrault makes the presentation on behalf of the Community League. The club was formerly known as St. Albert Debs.

Around Town

Arriving home after visiting the RCMP display for students recently, Shauna Purdon was telling her mother all about it. Zelda was more than a little surprised when Shauna added 'And you should have seen all the men who were dressed up as Mounties mom.'

Following their last game Monday night the young fellows on the Gazette Grizzlies midget hockey team presented their coach, Mike Hampel of the RCMP with a bottle of champagne, as a gesture of appreciation and by way of celebrating their upset win in the playoffs.

Attendance at the Lions Spring Training Conference was under that expected due to last week's storm, but the Marlon Centre didn't mind a bit. They received a delivery of food not needed at the banquet.

Bill Pasenak of Theatre 3 advises that Frank C. Turner of 37 Balmoral Dr. has been cast in the theatre's upcoming production of 'Some evening Sunshine', a montage of four Leacock stories. Rehearsals get underway April 16 for opening May 9.

'Sophisticated Swing' a montage of four Leacock stories. Rehearsals get underway April 16 for opening May 9.

'Sophisticated Swing' a comparatively new band with stylings reminiscent of the old Big Band era is beginning to catch on. Directed by Willie Hackman the 10 piece band is St. Albert based and includes some local musicians.

A hardtop trailer was stolen from behind Macleods Store on the Mall on the weekend. It is worth \$700 and personnel of the store were able to provide a good description of the unit to the RCMP.

Twenty-four members of the Welcome Wagon Newcomers Club made a trip to Molson House Thursday, where they were welcomed by hostess Marian Richardson. Following a guided tour by Ken Dimond of the brewery, which the ladies found most interesting, they were served a delightful luncheon. Diane Trosko made the arrangements for this Newcomer's outing.

Censorship proves provocative topic for Lady Lions

The last general meeting April 9 was held at the home of Raymonde Brunelle. The ladies were honored to welcome as their guest speaker popular MLA Ernie Jamison, who gave a highly interesting and informative talk on the workings of the censorship committee, sparking off a stimulating debate regarding the pro's and cons of this controversial subject. Members thanked Mr. Jamison for a most fascinating evening. Elections were held and the new executive appointed, to be duly inducted at the next general meeting.

Lady Lions will contribute and serve refreshments at the St. Albert Senior Citizens Club, Easter Parade Party, under the sponsor-

ship of St. Albert Breakfast Lions. This festive annual affair will be held Thursday afternoon, April 19 at the Community Hall. Senior Citizen ladies are invited to bring hats, wierd, wonderful - whatever! It is also hoped that we may obtain the services of Mr. Oldfield, a talented entertainer in the field of ventriloquism.

Next executive meeting for Lady Lions will be a joint meeting of the present and future officers - April 30 at the home of R. Freethy. Next general meeting to be held May 14, 6:45 p.m. at the St. Albert Community Hall. This will be a dinner meeting. New officers will be inducted.

Mrs. Florence Jordan, the Sturgeon General Hospital's employee with the longest service record was appointed April 2 as Purchasing Agent. She replaces Mr. John Headspeath who resigned that position recently.

Pilots received \$25 apiece and up to take a boat or scow through turbulent Whitehorse Rapids during the Klondike gold rush of 1898. The rapids, which took the lives of many men, was tamed by the Whitehorse dam, constructed in 1958.

During the Klondike gold rush, wood for whip-sawed lumber became so scarce that ordinary logs sold for \$80 apiece.

King Richard III of England set up a chain of horsemen at 20 mile intervals to carry news.

Father, Sons And Chum Survive 'Fishing Trip'

Mrs. Marion Berg of 25 Fair Oaks Drive here in St. Albert lived through a veritable nightmare last Thursday and Friday when her husband Bud and two sons Earl 18, Tony 15 and a close friend of the Bergs, David Bushman also of St. Albert were reported missing on a flight north. However, after many anxious hours Mrs. Berg was informed

that all four persons aboard her husband's aircraft were safe and sound. The tension was over.

The adventure got off to a good start Thursday morning when Mr. Berg, piloting his own Cessna 185 took off from the Industrial Airport with his two sons and their friend on board. The four were headed on a 160-mile trip north-east of Edmonton

to do a bit of fishing in Winnifred Lake.

After an uneventful trip to Winnifred Lake the four flying fishermen landed on the south shore, caught a few Northern Pikes then moved over to the north shore where they caught their limit.

Satisfied with their day's catch, Mr. Berg attempted to take-off the wheel equipped Cessna and crunched through a soft spot on the lake. With the plane's wheels sunk deep, the doors would not open so escape could only be effected through a window. Last to escape Bud Berg, pilot of the aircraft wiggled through the make-shift hatch, then the plane dropped a few more feet, thus submerging the entire cabin. All that kept the plane afloat were the wings and the tail section.

With all four men safely ashore, Bud activated his crash beacon indicator then set out in search of shelter. The cold and wet quartet found a trapper's line cabin complete with stove and some provisions where they spent the night.

In the meantime, Indus-

trial Airport traffic controllers, while checking through their flight plans, saw that Bud Berg's aircraft was due back that same night and had not showed up. A short while later, a commercial jetliner, flying over the Berg crash area, picked up the distress signal and reported same.

The following morning, despite a low ceiling and unfavorable weather, a Twin Otter from Search and Rescue, Canadian Forces Base Nemaio dropped two chutes with emergency rations, medicine and equipment. Soon afterward two Search and Rescue jumpers, Corporals Harvey Copland and Jim Falk were dropped at the scene. About 30 minutes later, a helicopter from Canadian Forces Base Cold Lake picked up the four stranded fishermen, the two rescue crew members and brought them to a waiting Otter which stood by on Dick York's private landing strip near his hunting and fishing lodge "Grishaven" located about 30 miles south east of Mr. Berg's crash scene.

From Grist Lake airstrip the party was brought to Canadian Forces Base Cold

Lake where they were checked out by the medical officer then treated to a steak dinner.

"It was like a banquet," Mr. Berg said, "they treated us like royalty."

From Canadian Forces Base Cold Lake the three Bergs and David Bushman were flown via Otter to Nemaio from where anxious families were reunited.

Mr. Berg asked this newspaper to convey the sincere

thanks of himself and passengers to all RCAF Search and Rescue personnel at Cold Lake and Nemaio for their devotion, kindness and excellent training which again came to the fore in such a professional way.

Mr. Berg said that his Cessna was pulled free of Winnifred Lake on Sunday and transported to Edmonton where it's undergoing repairs and a thorough inspection.

Proposed Ring Road Site Discussed With M.D.

The location of a ring road encircling St. Albert and forming a boundary between this community and the City of Edmonton was the point of issue last Tuesday at a multi-level meeting of authorities.

Present to assess the issue were representatives from St. Albert Town Council, Mayor Ray Gibbon; Edmonton Regional Planning Board, Department of Highways and Transport, Ed-

monton City Planning and all members of the Sturgeon MD Council. The meeting was held in the MD Council Chambers in Morinville.

After considerable discussion on the matter had taken place and the Roadway Committee of the Edmonton Regional Planning Board indicated it would submit recommendations, the MD Council approved plans for the proposed ring road as submitted subject to conditions which include that existing north-south roads in the area remain open with adequate access to the ring road.

The Department of Highways and Transport indicated that the plans under discussion involving the proposed ring road would take from 5 to 15 years to complete.

Lancers off to Saskatoon

St. Albert Lancers peewee hockey team coached by Stan Hrkness leaves Thursday for Saskatoon to take part in a mammoth hockey tournament.

The boys will be based down along with some parents and will return home over the weekend.

Safety Council Submits Vital Recommendations

At a recent meeting of the St. Albert Safety Council it was unanimously agreed that the following recommendations be made to town council:

BRIDGE AT PERRON ST.

It was pointed out that the approaches to the bridge on both sides of the river are poorly lighted, and that since the bridge itself is narrow, some form of warning to guide traffic is required for night time driving.

It is therefore recommended that "Scotchlite" wide angle reflective material in either silver or red be applied to the front of the structure on both sides of the river, and also at intervals on each side of the bridge structure so that traffic will have a lighted path to follow. It is further recommended that a sign in yellow "Scotchlite" with black lettering be placed at both approaches, reading "Caution" narrow bridge.

SCHOOL BUSES

It is our understanding that there is no bylaw at present governing traffic in conjunction with school buses operating within the Corporate limits of the Town of St. Albert. If this be the case, it is recommended that a bylaw be prepared and passed at the earliest possible time conforming to Provincial Legislation controlling traffic and school buses on provincial highways. This recommendation is intended to insure that traffic both ways will be required to stop when a school bus is loading or discharging children on

our community streets.

STOP SIGNS

At many intersections in the town, "Yield" signs are used to control traffic entering intersections. It is our opinion that these are not adequate for safety, in certain locations and thus recommend that "Stop" signs be erected in the following locations as soon as possible.

1. On the N.W. and S.E. corners of Mount Royal Dr. at the junction of St. Vital Ave.

2. At the N.E. corner of Grandin Rd., intersecting with Sir Winston Churchill Ave.

3. At the N.E. corners of Gatewood Ave. and Gresham Cr. where they meet Sir Winston Churchill Ave.

4. At the junction of Grenfell Ave. and Grosvenor Blvd. to stop traffic on Grenfell Ave.

5. At the S.W. corner of Perron St. at Sir Winston Churchill Ave.

6. On the south end of boulevard at Grosvenor Blvd stopping traffic entering Grandin Rd.

7. At both ends of Grandville Ave. and Granite Ave. entering either Grandin Rd. or Grosvenor Blvd.

8. The S.E. corner of Greystone Pl. when entering Grenfell Ave. This is due to the hill and curve on Grenfell Ave. causing poor visibility.

9. The S.E. corner of Greenwick Cr. when entering Grenfell Ave. from the west of the crescent for the same reason as above.

10. There are undoubtedly other intersections which

should also be protected in the same manner, and it is recommended that the Town Transportation Committee, in conjunction with the Police Department, survey the situation and make further recommendations. By this, it is not suggested that the specific recommendations herein contained be delayed in implementation, but that the survey should complement and be in addition to them.

Council unanimously approved a motion to receive the Safety Council's recommendations and pointed out that some of these, such as 'stop signs' are now being prepared under new bylaws.

Home Services require workers

The St. Albert Help Society has been compiling a list of babysitters, housekeepers and house cleaners. Their names are passed on to prospective clients who call the Help Society. A number of ladies have listed

their names with the Home Services Directory, but more are needed, particularly cleaning ladies and 24 hour babysitters. Anyone who is interested in this type of work may phone Mrs. Proctor at 459-5199.

About 90 St. Albert and District Chamber of Commerce members and guests thoroughly enjoyed Inspector Gardiner's review of the RCMP last Tuesday at the dinner meeting held in the Parish Hall. Head table guests included Mrs. Rheault, Mayor R. Gibbon, Mrs. Gardiner, President Harry Cochrane, guest speaker Inspector T. M. Gardiner, of 'K' Division Edmonton, Mrs. Cochrane and Sgt. L. E. Rheault of the St. Albert RCMP Detachment.

Meals-On-Wheels Awaits Funding

Mona Acker, director of Preventive Social Services advises that as soon as word is received from the Provincial Government on funding, the Meals on Wheels committee will be officially in action. It will deliver one hot meal a day at noon to any person who is unable to shop or cook for himself and has no one else to do it for him. Volunteers

will deliver these meals to anyone who is elderly, ill or handicapped. Mrs. Acker says residents knowing of someone needing an inexpensive meal, or needing it themselves, may call Mrs. Gwen Lux at the Sturgeon Health Unit 459-6671. People who would like to be a volunteer driver or want any information, call Mrs. Hattie Blades at 459-4766.

BAHA'IS BELIEVE:

A new Age has Begun...

"A new life is, in this age, stirring within the souls of all mankind." We today are living at the dawn of a new age. Every day in whatever direction we look the signs are becoming ever more evident that we are watching the end of an old world and the slow, painful birth of a new one.

Baha'is believe there is a purpose behind the turmoil of our age, in predicting the changes that have already taken place and the even greater ones to come, the Founder of the Baha'i Faith called this a 'spiritual springtime' whose purpose was to unite mankind in one common race and one universal faith.

Spellbound well received by good local turnout

To give expressions to the thoughts, feelings and reactions of a boy growing up, through the medium of music, is a fascinating idea. One that would offer many avenues and alternatives of approach to a professional opera director and musicians.

Friday evening in St. Albert, local people had an opportunity to see how a group of high school students handled this subject in the form of a medley opera. While lacking professional training, the students of course are involved in the growing up process, and so could have something of importance to say in their opera *Spell-Bound*. Which is, we suspect, the reason for their director giving them the deciding vote on the choice of music selected, perhaps the most important part of the great amount of work which went into the production.

The opera overture by the instrumental section of the choir was impressive in the manner it was presented and in setting the

mood of the performance. The younger days of a boy called *Spell* were described by the song 'Rubber Duckie'. As he grows older the boy finds out about prejudice and discrimination, and in the song 'Black and White' he expresses a wish to be colorblind.

As a teen-ager he becomes confused as he tries to understand what is happening around him and his thoughts and feelings are transcribed through the song 'Bell of Confusion'.

Spell's last thought to the audience is poignantly interpreted in the number 'Let My People Go'.

The narratives which threaded the musical story together were carefully planned and well presented to give chronology and develop more fully the thought processes of the growing boy.

Striking visual presentations added to the impact of the music and the development of its theme. These were done also by members of the Pitch choir. The young people presented their mes-

sage to the audience with freshness, vigor and good musical quality and interpretation as related to their age and the regular turnover of choir members each year. *Spell-Bound* was fine entertainment on every count and hopefully will be presented again in St. Albert.

Selections by Spice, the junior choir, opened the Easter concert in the Roman Catholic Church, ranging from Neil Diamond to old French folk songs. 'Mad' from *Sesame Street* by Little Joey and the Monotones and 'Glory Special' highlighted a very commendable performance by the younger choir members.

Following the opera both choirs and the audience joined in singing 'Happy Birthday' to Father Duchesneau, director. Their enthusiasm clearly indicated the heartfelt appreciation of all present for his excellent work with the 226 young people, in musicianship and in his warm rapport with the students.

Both choirs will be travelling to Lethbridge and Medicine Hat in the first week of May for repeat performance of the concert with opera.

Students Enter Speaking Finals

Students of Lorne Akins Junior High School had an opportunity to hold their first assembly in their new school on Friday afternoon.

The purpose of the assembly was to choose three representatives for the public speaking contest finals to be held tonight at St. Albert High. The speech contest is sponsored by the St. Albert Local of the Alberta Teachers Association.

Winners of each grade level were as follows: Trisha Rowe from grade seven who spoke on 'An Eerie Flight,' Lynn Bosetti from grade eight who entitled her speech 'The Stages of Life,' and, Joanne Seltz from grade nine, speaking on 'Communication with Plants.'

The speech finals get underway at 7:30 tonight at St. Albert High. Everyone is welcome.

The area drained by the Amazon River is so extensive it would cover three-fourths of the United States, National Geographic says.

The Wolf with raised sword (Ron Kopat) Chief of the Secret Police comes to warn the white witch (Geri Peterson) to flee from the forces of good who are attacking. Kneeling is the witch's servant, played by Steve Olson. Dave Scammell as the fawn turned to a stone birdbath is at back and Peter Upright as Edmund is in the foreground. The play, based on the C. S. Lewis classic was thoroughly enjoyed by the good turnout of children and adults who saw it and the group had many requests for a repeat performance. Children got so involved they would call out warnings to the good children and really loved the play done for them by the Paul Kane drama club.

Photo by Angus Telfer.

St. Matts A.C.W. line up project

Any members of the St. Matthews Anglican Church congregation who could help man the refreshment booth at the Seed Centre would be welcomed with open arms by the ACW. The ambitious project runs from April 28, mornings, afternoons and evening, until the end of May. Women who are interested in assisting for any amount of hours at all are asked to phone Lois Fabi at 459-8161. St. Matthews and the Church of the Good Shepherd are joining forces on the project.

Mavis Lakusta, daughter of Mr. and Mrs. Mike Lakusta of 3538 - 121 Ave., Edmonton won the hind quarter of beef at the ACW's bake sale on the Mall Saturday. A young girl on the mall drew the winning ticket and Mavis, who informed the women she has a baby sister, was on hand to claim

the prize. The women report that the sale went well

and everything on hand sold by noon.

The Sturgeon General Hospital received another generous gift this week from the Hospital Auxiliary. This time the auxiliaries presented two cheques, each for the amount of \$640, thus allowing the hospital with sufficient funds to purchase three beds for the pediatrics ward. Left to right Mrs. Liz Emmerson, gift shop director, Mrs. Marie Junink, head nurse in pediatrics, Mrs. Sheila Cooper, vice-president of the Hospital Auxiliary and Mrs. Pauline Fleck, director of nursing.

Council Roundup

K. W. Pumphrey and Associates of Edmonton presented council Monday night with a proposed development for a 60 ft. by 300 ft. warehouse building. The project will be located on River Lot 53 Lot 'A' better known as part of the Roraph Property.

Spokesman for the firm, Mr. Ross Sargent showed plans of the proposed building and described it in detail. Mr. Sargent said that the warehouse would not be used for retail outlets but simply by industrial firms who require warehouse space. The structure, according to plans shown, is a long one-storey building divided into 1,200 square foot bays.

Council asked town staff to prepare recommendations regarding exterior finish, accesses and the such then indicated it was prepared to accept a motion. Councillor Frank Lukay made the motion approving the proposal, subject to town staff recommendations. The motion carried 5 - 0. Mayor Gibbon made a supplementary

motion dealing with a 30-day option on the property in favor of the applicants. This motion was also approved by a 5 - 0 vote. Roy Cherniak of Calgary Power spoke to council on power transmission lines cutting through Akinsdale (Neighborhood 10) and described technical problems of moving these lines to another location. Mr. Cherniak also elaborated on an alternate proposal, namely, that of establishing transmission line corridors rather than moving the lines.

After Calgary Power acquainted council with the problems and costs involved in moving power lines (\$460,000 per mile), a spokesman for Qualco Developments Ltd., and town planner spoke on the proposed development in relation to the power lines left where they are through a corridor or removed. After all sides of the issue were discussed, Councillor John Bakker made a motion that the power lines be ultimately removed from the area.

This motion was carried by a 3 - 0 vote. Mayor Gibbon was not in agreement.

Councillor Bakker's second motion stated that in view of the complexity of the overall planning of the area, that developers concerned get together and draft a plan for the Akinsdale sub-division and bring same back to council. This motion was unanimously approved.

Another development proposal came back before council Monday. This one is for an automotive and marine sales and service business located on St. Albert Trail immediately north of Gulf Service Station. The revised proposal was presented by J. Sanders on behalf of St. Albert Auto and Marine Sales whose owner is Edward Terrier of Bonnyville, Alberta. According to plans described by Mr. Sanders the auto and marine complex has a 160 ft. frontage with two 140 ft. wings giving the structure the shape of a giant 'U'. Details of the structure were defined by Valere Roy, president and general manager of Valere's Construction Co. Ltd., Bonnyville and Mr. Terrier was also present to speak on his proposal.

In view of delay in the registration of the sub-division, council granted the applicant a partial permit. When making the motion, Councillor Bakker explained that a partial permit be issued to give the developer a chance to start on his project and full permit will be forthcoming once legal

Coyote-dog crosses exist

The controversy over whether coyotes and domestic dogs mate has finally been solved. There is now documented evidence in Alberta that they do mate.

A farmer north of Edmonton had been losing small pigs from his yard for some time, but was never able to discover the culprit. In desperation, he called in the predator specialist in his area. The Alberta Department of Agriculture, in cooperation with the agricultural services boards, recently appointed eight predator specialists in various parts of the province to help livestock producers who were suffering serious predator losses.

After a thorough investigation of the farm, the spe-

cialist decided to use a special technique to capture the predator. When it returned to kill again, he caught one that was half coyote and half dog. Although it was black instead of the tawny color of a coyote, its head, ears and feet were unmistakably those of a coyote.

A short time later another coyote-dog cross was caught on a farm in the same area. Both these animals were sent to the Provincial Museum and Archives for study.

Dale Alsager, biologist and pest control specialist with the Alberta Department of Agriculture, says that his branch has received reports for some time of people in various parts of the province having seen coyote-dog crosses, but until now none of the reports have ever been substantiated.

In view of the indisputable evidence that coyotes and dogs do mate, he suggests that in areas where coyotes are a problem, dog owners keep their male dogs con-

fined to the premises during February, which is the coyote breeding season.

He also points out that coyote-dog crosses are more difficult to deal with than coyotes. They have the size and strength of a dog combined with the cleverness of a coyote. They rarely allow themselves to be seen, and, being half dog, they are more daring than the average coyote.

The Vival Grandin School Flea Market, held last Thursday from 6 to 8 p.m., offered a wide array of items to buy, even clothing for all members of the family. Above we see a youngster lying on one of the display counters, being fitted with a garment priced to suit any budget. Other customers around the display counter are shown trying out hats, scarves and the such. According to all reports, the fund-raising drive was a great success.

Ottawa Report

Dan H. Hollands (P.C. - Pembina) in presenting his brief to the Alberta Electoral Boundaries Commission on April 2 regarding the redistribution of the Pembina Riding, raised several good points. He asked the commission if at any time, one of their members had toured the Pembina Riding, in order to determine just how it should be redistributed.

"I have no idea how many of you on the commission have attended a political meeting. I can assure you that the name of the game is communication. I am sure that those people living in the Winterburn area would much sooner drive to a meeting in Spruce Grove or Sony Plain than go to a meeting in Westlock or Barrhead," he said.

Mr. Hollands also asked, "why more detailed maps were not made available in public offices in the Pembina Riding, notifying the people of the proposed changes?"

He pointed out that his area (Pembina Riding) consisted of part of the city of Edmonton, and at the present time the voter strength is approximately 50 per cent rural and 50 per cent urban.

"The people residing in that portion of the city of Edmonton lying within the boundaries of the Pembina Riding have indicated many times that they would sooner be part of a city riding than a large rural riding such as Pembina, regardless of population."

"This," he said, "is not hard to understand for the following reasons: Similarity location-wise within the city of Edmonton; interests tend to be more common; the Ottewell area is served by a daily newspaper, whereas the rural areas are all covered by weekly papers."

In his summation, Mr. Hollands stated he felt that Western Canada has once again been had, and that there was no evidence whatsoever in the overall redistribution that the tolerance figure of 25 per cent was used. "The decision is yours," Mr. Chairman. Please remember that the people who pay the piper should also call the tune."

Peruvian Indians believe that a man who is struck by lightning and survives will be restored to full health by a sip of vicuña blood, National Geographic says.

Hootch makes a comeback: Canada's Yukon toasted in the New Year with its own special blend of Canadian and imported rum. It's all part of a northern shindig called Klondike '73 marking several Yukon anniversaries. Among them, the 75th anniversaries of the Yukon as a territory and the Klondike Gold Rush of 1898. Hootch, named for the Tlingit Indian tribe the white man called "Hootchinnoo," was introduced to the stampede on their perilous journey to Dawson City and the Klondike Gold Fields. The modern version, in an Ice Worm Cocktail, is sampled here by Yukoner Joy Denton, recalling Robert Service's reference to the brew . . . "The fun was fast and furious, and loud the hootch bird sang."

A PAGE DESIGNED TO INFORM FARM READERS ON CURRENT AGRICULTURAL NEWS AND EVENTS AND TO SERVE AS A FORUM FOR EXPRESSION OF FARMERS' OPINIONS

Facts and figures on the Agricultural Advisory Board

By Wally Klatt,
District Agriculturist

The Sturgeon district Agricultural Advisory Committee has functioned for one year. During this time four meetings were held: one being familiarization and one being training.

For those people who are not acquainted with this committee, the following is a brief outline.

The committee consists of nine members who represent the seven areas in the Sturgeon district, the DHE and DA are not regular members, however, sit with the committee to assist it and as required. The main function of the committee is primarily to ascertain the agricultural needs of the rural people. This can be deemed a wide function and covers a wide range of topics. (Approximately 50 per cent of the cost of this committee is borne by the Alberta Department of Agriculture.)

Firm evidence required farm worth

By Wally Klatt,
District Agriculturist

Some day, whenever your land is sold, you should have documentary evidence as to the value of your property as of December 31, 1971. Otherwise, the value placed on your holdings as of this date, by the Income Tax people could be too low resulting in a higher Capital Gain.

Unless your holdings are difficult to assess, then you can evaluate them yourself. I suggest you use the Uniform form or the forms, now available from our office, as designed by the Alberta Department of Agriculture.

You don't HAVE to evaluate your holdings, but some day you may wish you had. Also beware of people claiming to be appraisers. Ensure they are certified appraisers and they have a card from the Appraiser's Association as to identity.

Publications

The following are available from this office, indicate the ones you require by a check mark and mail the clipping to the Department of Agriculture, Box 510, Morinville TOG 1P0 (Don't forget to give us your name and address!)

- ... Hunt's 7 Sauces can help You make anything Many Things
- ... Facts you should know about buying a rug or carpet
- ... Fabric Facts and Finishes
- ... Chemical Weed Control is Cereal and Oilseed Crops 73
- ... Canada's New Beef Grading System
- ... Costs and Returns on Barley, Rapaesed and Summerfallow - 1,200 Acre Farm - Morinville district

culture). The actual cost to the district is very small in relation to the advantages that can be derived from it by the people of this district. During the past year two of the four meetings held were productive meetings where by various subjects were discussed and recommended that action be taken. Some of these are as follows:

1. Loans for "Young Farmers"
2. Spot Insurance Coverage for all-risk insurance.
3. Recycling Information sheet were prepared by assistant DHE
4. Knits Short Course was

held November, 1972.

We see this committee as a means whereby the people of the district can express their needs. The committee then acts on these requirements and then forwards these needs to the appropriate area for consideration and action. This is one of the best ways for people to be heard. Tell your committee member about an idea. The following are rural members of this committee:

Mrs. Karoline Arlow, R.R. 1, Busby; Mr. Melvin Clark, R.R. 2, St. Albert; Mr. Hugh Crozier, R.R. 2, St. Albert; Mr. Walter Frank, R.R. 1, St. Albert; Mr. Wm.

Gonek, Alcomdale; Mr. Angus McDonald, R.R. 1, St. Albert; Mr. Walter Pasnak, R.R. 6, Edmonton; Mrs. Dorothy Rigney, Bon Accord; Mr. Morris Montpellier, R.R. 1, Coronado.

Programs Available Dist. HE

By Pat Prymak,
District Home Economist.

Free Bulletins - There is a wealth of information available at all Agriculture Extension Offices from various companies and government agencies. And as for recipes -- they are endless. If I don't have what you want, I'll certainly do my best to get it for you.

Office Calls - Drop in to the office or phone anytime you have a problem.

Home Visits - I would be more than willing to come to your home to discuss any phase of homemaking with you -- consumer buy-manship, Interior Design, Meal Planning, Special Diets, Clothing Selection and Care, Family Living, Money Management, Budgeting, Time and Energy Management, and other related problems.

Newspaper Releases -- Watch for my bi-monthly newspaper release in the Half Acre section of the Gazette and the Morinville Star.

Newsletters - I send out 4 - 5 newsletters each year which I fill with the latest information of interest to the consumer. Home-making tips and programs are also included.

Meetings - Short talks and demonstrations, short courses and workshops of 2 - 3 days can be given to groups on topics of special interest to them. Also, I can arrange for other speakers in a field related to mine to come out.

to your meetings. Remember, my services are yours free for the asking -- Please Ask!!

Chem Program

By Don England,
ASB FIELDMAN

The Agricultural Service Board of the Municipal District of Sturgeon will have a chemical program again this year.

All wild out and weed chemicals will be available under this program.

The program will operate the same as last year's program, with Municipal participation at 25 per cent of \$500 worth of chemical.

All ratepayers participating in the program will have to verify their acreage by presenting their 1973 permit book, or signing a form verifying their acreage which will be checked against their 1973 permit book.

Some chemicals could be in short supply and will be sold on a first come first serve basis as long as supplies last.

Time for Ham

By Pat Prymak,
District Home Economist.

"Hippity hop, Easter's on its way." Only a couple of weeks and Mr. Peter Rabbit will be hopping around again. He'll be leaving all kinds of sweet stuff but on our tables could be the sight of a nicely glazed ham.

Ham is popular today not only at Easter but all year round. It's so popular in fact, that you can find almost any kind and size of ham to suit your specific needs.

Ham is the name given to the hind leg of the hog after it's cured and smoked. It may be sold whole or cut in half, or even quartered. Slices may be cut out of the centre and sold as ham steaks or ham steaks. The shank half (the lower part) of the ham has a smaller proportion of meat to bone than the butt half (the upper part) and thus will likely cost less per pound.

Each processor has his own formula for curing and smoking, so hams do vary in flavor. Most hams are fully cooked by the processor, but some require further cooking before serving. It is important that you read and follow the directions on the label.

A ham marked "ready-to-serve" or "Fully Cooked" can be served hot or cold. If you so desire, you can heat the ham in a 325 F. oven until the internal temperature reads 130 F.

This takes about 10 - 15 minutes per pound.

Other hams may be labelled "cook and serve" or "cook before serving" and these should be cooked until the internal temperature registers 160 F.

Since all hams are tender, I would suggest checking or cooking hams in an open roasting pan, preferably on a rack, fat side up, and without any water.

There are other pork cuts which are commonly referred to as "hams" by many people. These are the picnic and cottage loin. Both have characteristics similar to ham but they come from the

front part (shoulder) of the hog.

So when you are talking about ham, remember there is really only one true ham and it comes from the hind leg of the hog. Hams are available in many forms and the price depends mainly on the amount of processing that has been done. Naturally, a ham that has been boned, skinned and fully cooked, will cost more than a ham with the bone in, some skin left on, and uncooked prior to sale. Further, a fully cooked ham has minimal shrink when warmed up.

Fertilizer rates & crop yields

Re-issued from the District Agriculturist's office.

How big an increase in crop yields can be obtained from increasing fertilizer rates? This is a question many farmers will be asking themselves this year as they gear up their crop production to meet expanding markets.

It is easy to estimate the increase in production that will be obtained from increasing the number of acres, but it is not so easy to estimate it on the basis of higher fertilizer rates.

The Alberta Department of Agriculture's soil fertility specialist, Doug Penny, gives the following general guidelines for barley and rapeseed. These guidelines are based on the results obtained from approximately 50 field experiments conducted by soil researchers during 1971 and 1972. Most of the trials were carried out in the area extending from Calgary in the south to the Peace River region in the north.

Barley Grown on Stubble with Low Available Soil Nitrogen (low available nitrogen is typical of stubble land).

Fertilizer Application Rate per Acre	Expected Barley Yield per Acre
30 lbs. phosphate	30 bu
30 lbs. phosphate plus 30 lbs. nitrogen	45 bu
30 lbs. phosphate plus 60 lbs. nitrogen	53 bu
30 lbs. phosphate plus 90 lbs. nitrogen	61 bu

Rapaesed Grown on Stubble with Low Available Soil Nitrogen --

Fertilizer Application Rate per Acre	Expected Rapaesed Yield per Acre
15 lbs. phosphate	14 bu
15 lbs. phosphate plus 30 lbs. nitrogen	19 bu
15 lbs. phosphate plus 60 lbs. nitrogen	23 bu
15 lbs. phosphate plus 90 lbs. nitrogen	28 bu

Mr. Penny says the above yields are averages obtained under a wide range of conditions. He points out that while

At the happy occasion of Mr. and Mrs. Lionel Forcade's 50th wedding anniversary a picture of the four generations was taken. Left to right: Mrs. Lionel Forcade, Legal; Mrs. Lorette Craig, Morinville; Mrs. Louise Pasay and daughter Jaylene from Red-water.

Sturgeon Arts & Crafts

The Yoga clinic at Edson was cancelled because of the bad weather but the instructor, Mrs. Friedel Khattabb was able to accommodate the ladies from Sturgeon in her home gym for an introduction to Yoga. Mrs. Khattabb has 32 years experience teaching Yoga and is also a physiotherapist. In her native Germany she was a instructor for the armed forces. Emigrating from Egypt five years ago with her husband and three children Mrs. Khattabb first began instructing Yoga in Edmonton at the "Y" and now has her own school of Yoga.

Yoga dates back 4,000 years and is a tidy and streamlined form of exercise with slow and rhythmic movements. Deep breathing is used in each exercise and control over mind and body is sought. Yoga is structured for both young and old, is non competitive and comfort, force is not stressed.

Medical doctors often refer their patients to Yoga. Under the direction of highly qualified instructors such as Mrs. Khattabb, yoga is beneficial to those suffering back and other types of injuries, common backache, headaches, mental exhaustion and fatigue.

A demonstration of crafts was given by the Recreation departments Arts and Crafts co-ordinators to local brownie leaders. Bucktrap and stick weaving, paper mache, puppets, forged foil and other crafts geared to the 7 to 10 year age group were demonstrated.

If you can't decide what to do on your holidays consider the Provincial Park at Pembina for the week of July the 23. An arts and crafts workshop will be held again this year, partly sponsored by the recreation department, MD of Sturgeon. The cost is minimal, \$1 per person or \$5 per family, whichever is less. Each day a pro-

gram for the whole family is scheduled, from activities for the pre-schooler to fly tying and fishing for dad. In the evening campfires, sing songs and films can be enjoyed by the whole family.

T. Ruth McCullough and Mrs. Jean Smith, arts and crafts co-ordinators, Recreation Dept. MD of Sturgeon. Telephone 424-6276 and 256-3321.

M.D. Council Approves Regional Sports Plan

The Sturgeon MD Council rescinded a previous motion regarding the signing of the Regional Recreation Council agreement. At the March 15 - 16 regular meeting, the motion to proceed with signing the Regional Recreation Council agreement was defeated by a vote of 4 - 3.

At the April 12 - 13 regular meeting, the MD Council again discussed the Regional Recreation Council agreement issue as a result of its re-introduction by the RRC Steering Committee. A new motion was made and passed thus authorizing the MD council to sign the agreement. This now gives the Regional Recreation Council the green light to proceed with its recreation plans which include all centres within the MD of Sturgeon.

According to our backyard philosopher: "The grass on the other side of the fence may look greener - but it's just as hard to cut."

"FOR THE GOOD TIMES"

Gibbons Sewer Project

The program for the new outfall sewer line to service the Village of Gibbons plus the new sewage treatment plan should be ready for tender right away. The village engineers attended the last council meeting, and it was reported that easements will be negotiated for immediately.

Council also received a price for construction of curbs and sidewalks in the newer areas of the village, and work should get underway soon on this project as well. The amount to be constructed will not be determined until the 1973 budget can be finalized.

Proceedings to annex the Cleland portion of land now lying in the MD to the village are nearing the final steps. Plans for a duplex development were finalized and permission granted for construction, subject to the building agreement.

Cleanup week for the village has been set for April 30 to May 5 and all residents are asked to aid in this project. Anyone with old cars to be disposed of may contact the village office.

The STEP program for the summer months was discussed and adopted by resolution.

The person or persons that mailed the unstamped and unnamed letter to the village office should be proud. This sort of thing doesn't show too much intelligence.

Gibbons Notes

By S. A. M.

The Sacred Heart Parish will hold a Flea Market, Tea and Bkko sale at the Community Hall on Saturday, May 5 1 - 4 p.m. Admission will be 25 cents. Proceeds will be used for the cemetery fence.

Mr. and Mrs. Will Oliver have left on a three week trip to England.

The Gibbons Volunteer Firemen held a supper and social evening April 13. Guests at the function were Mr. and Mrs. Walter Van de Walle, Mr. and Mrs. Spencer Holmes, Mr. and Mrs. Richard Morin, Mr. and Mrs. Dermott Loblick, Mr. Ben Gibbons presented a plaque to Marcel Parent and Roger Pelletier presented one to Will Mabbitt for fire phone duty. Each of the 20 firemen and their wives were introduced. Three firemen were absent.

Mr. and Mrs. Alvin Tupper motored to Cherry Grove, Alberta to be present at the 50th wedding anniversary of Mr. Tupper's sister and her husband.

The Senior Citizens Last Roundup Club held their regular meeting on April 12 with 30 members present. A very enjoyable afternoon with Mr. Bevington showing slides on his trip to China, Japan, Australia, New Zea-

land. The drama group from the school presented the play they were doing for the Sturgeon School Festival. It was very well presented and the group won the gold medal at the Festival.

A few hands of whist completed the activities of the afternoon with ladies first won by Mrs. Knight and consolation to Mrs. Blom. The mens first was won by Steve Lamoureux and consolation by Jimmie Shaw. A lovely birthday cake was presented after lunch for the April births. Celebrating birthdays are Don Davington, Mrs. Knight and Mrs. Breaull, Stan Mabbitt and Mrs. Lamoureux.

Next meeting is Thursday April 26. Make an effort to attend as its a very enjoyable outing for all senior citizens.

The Gibbons School will be holding a Beginners-Inne program from June 11 to 22 inclusive. Any child in the Gibbons area who will be six on or before February 28, 1974 is eligible to begin grade one in the fall and take advantage of the Beginners Program in June. In order that planning for this program may proceed, it is necessary that registration take place as soon as possible. Registration may be completed by phoning the school at 795-5520. Thank you.

Sturgeon Valley 4H Dairy Club meets

Marilene Mickelsen won the senior section of the Sturgeon Valley 4H Dairy Club speak-offs held March 22, and David Guck placed

second. In the junior section Calvin Briggs was the winner and Pat Briggs, second. Winners advanced to the regional speak-offs. Judges for the evening were Mrs. B. M. Robertson and Henry VanderPleet and many interesting and entertaining speeches were given. Plans for Achievement Day were discussed at the meeting April 3 at Namo, and arrangements for the farm tour day, when members will see the animals they will be showing this year.

Reservations have been made for the club to have supper out in the near future.

C. Brumfit Reviews 100 Golden Years At Gala Birthday Party

How can I commence to thank you all adequately, for your presence here today, I cannot find words to voice my appreciation for your long travel, and travail, which it has taken to bring each of us together in this glorious company.

For me it is a great honor to be before such a distinguished company to be able to call you all my friends. I want to say a few words relative to this, for me, great occasion. But I am up against the difficulty in writing about infancy to the centennial of covering 100 years and compress it into a talk of 10 minutes duration. I must just pick the highlights.

I was born quite young. Until 18 years of age I lived in England. I came to Canada to Calgary to be exact in July 1891 and was a ranch pupil at Elbow Park Ranch which is now the centre of the city of Calgary, the buildings were in the vicinity of what is now Glenbow Dam. The Ranch was managed by R. G. Robinson but was owned by his brother, a business associate in England of my father. I had suffered from frequent headaches during boyhood, and my father thought the change of life might be beneficial.

It was home, and after a short period of time, I found that the pupil had become a full fledged chore boy, but I enjoyed every minute of my work. It was at this time I met John Ware who was born a slave and he assisted in driving a large bunch of cattle. A most interesting character, our meeting was quite informal. I slept in the bunk house of the Ranch and woke one morning to find John sleeping beside me. He was a wonderful rider and bronco buster that's what brought him to our ranch, he was doing his job -- If you want to know more about John Ware read the book written by Mr. Grant MacEwan as he was known in the early days.

I ended my career at the

ranch by going with my boss, R. G. Robinson, with a train load of cattle to Victoria, B.C. that is a story in itself, but not for now. I found out that the far west was no place for me to start up with only a small capital so I returned to Alberta, at that time it was all ranching, little farming in the south so I bid goodbye to Calgary and headed for Edmonton by railroad, crossed the Saskatchewan on the ferry, there was no bridge at that time, and I stayed at the Athabasca Hotel, run by Jim Gibbons. Met two congenial fellow guests Jim and Gabriel Reid who took me out to their farm on the Sturgeon River and from there took me to look for a homestead. First day out we found the one, on which I lived for 75 years, the house is now occupied by my granddaughter Donna and husband and their family.

I'm away ahead of my story, I proceeded to live on my homestead and felt that I was monarch of all I surveyed. My two brothers Mark and Archie joined me and took up adjacent land the following year. We all lived together.

Time jogged along and the years passed. In 1897 I took a trip home to England and despite discomforts, black flies, bulldogs and mosquitoes of the west and the comfort of a good home, I was quite prepared and looked forward to returning to the West.

More settlers were arriving, we had to think of our souls. We organized ourselves into a Parish as there was no Diocese of Edmonton at that time. We were in the Diocese of Calgary with Rt. Rev. Bishop Pinkham in charge. This lasted until 1913 when Rev. Allen Gray a one time cowboy was the first Bishop of Edmonton, elected in 1913.

I am away ahead again, in 1905 I was married to Frances Elizabeth Close. She was 16 coming on 17, I was 32. I told her I would look after her, we lived to-

gether happily for over 51 years. During that time we were blessed with six children, all of them were born in our home, and all of them are living yet, thanks be to God. I had the joyous thrill that is denied the fathers of today. I would wait the signs that told us it was time to move and then hitch up the team and fetch the Dr. from Fort Saskatchewan. I would then spend time taking Dr's. orders and returning down stairs and then the soulstirring sound of a baby's cry would turn one crazy with delight and thankfulness.

When we remodelled our house in 1925 we cut off the top story, sold it off hauled it to the back of the yard and gave it to livestock. Which gave one of my granddaughters the chance to tell her teacher that her mother was born in a pig-pen. The same girl's mother refused to accept me as her father, when I shaved off a heavy mustache I was wearing, it cost me a large sum of money at that time \$3 before she would allow me to kiss her --

No one goes through life without some sorrow and tears. My dear wife left us in a tragic manner, she had

gone to a church supper with my daughter Emily and Wilf. I was engaged in community work supervising a young peoples square dance lesson, in this very hall. When they were returning from the supper, Francis exclaimed "Ting to me", she lapsed into unconsciousness and passed away. By the mercy of God -- and the passing of time, sorrow and tears, faded into the blue -- and the love of dear ones near, by faithful and true even of the great grandchildren when they'd say Pappa, Pappa we love you. Brings back, to me, the joy of living once again, Glory be!!

Shakespeare says -- Love is blind and cannot see the faults in others, love looks not with the eyes but with the mind -- And getting down to fundamentals, the Scriptures tell us that 'God is love'.

Door-to-door salesmen -- "Madam, I'd like to tell you about our new combination offer -- our sensational cookbook with 1,000 exotic recipes with 200 assorted get-well cards!"

BON ACCORD ACTIVITIES

By Sadie Allen
Ukrainian Catholic church services will be held at Federal on Good Friday, April 20 at 1 p.m. and again on Monday, April 23 at 10 a.m. On Easter Sunday, April 22 there will be a Sunrise Service held at Waugh at 6 a.m. and a service at Redwater at 10 a.m.

Friends and neighbors gathered at the home of Mary Melnyk on Tuesday evening, April 10, for a surprise birthday party. Ladies from the community presented Mary with a handmade appliqued quilt in the tulip pattern. To all those who had a part in the making of the quilt Mary extends her thanks with a special thank you to Elsie Bilecki.

a payment to AGT there is no sure way that it can be credited to your account unless you contact the Mutual Telephone company and present your receipt. Orders are also being taken for the telephone poles which will become available later this year. Preference will be given to orders from Mutual shareholders.

Congratulations to John and Linda Engman on the birth of their second son, Christopher John, 8 lbs. 5 oz., on April 12 at the Royal Alex.

Welcome back to George and Edith Carleton who have recently returned from a winter spent in California.

Camilla 4H holds speakoff

The Camilla 4H Clothing Club had a busy March, mixing business and pleasure. It was bowling and curling on the 11th, the speak-off on the 23rd and on the 25th they joined the Beef Club in a trip to the Redco.

Junior section speak-off

CORONADO

By E. Brydoun

The Coronado UCW Unit 1 will be hosting a meeting of The Yellowhead Presbyterial on April 26 at 8 o'clock in the evening, in the Coronado Church Hall.

Speaker will be Rev. C. Symington. An invitation is extended to all UCG groups or interested parties of the Highway 28 area.

A rummage sale and tea will be held in the hall the afternoon of June 2, 2:30 - 5 o'clock. Everyone welcome.

The next regular meeting of the UCW will be held in the church hall on Tuesday, May 1st.

Rick and Terry nee Repka) George proudly announce the arrival of their daughter on April 13. Proud grandparents are Mr. and Mrs. Jim George of Bon Accord and Mr. and Mrs. M. Repka of Bellis.

The regular Sunday night bingo will not be held on Easter Sunday but will resume again on Sunday, April 29. The Jackpot has not been won. It is now worth \$35 with 60 numbers being called. Starting time is 7 p.m.

Achievement Day for the 4H Food Club will be held on May 4 and for the Clothing Club on May 12. The public is invited to attend.

winner was Mary Sheehan, runner-up Sheryl Soetart. Joan Sheehan placed first in the senior section, followed by Josephine Kiethenbald and Cindy Brenneis.

Achievement Day for the club has been set for April 24th in the school gym. Work done throughout the year will be on display, and the girls will be modelling clothing made in some of their projects.

Calahoo hockey windup draws good crowd

By Liz McLeod

Latest triumph for the hard working Calahoo Sports Association was the windup father-son hockey banquet held April 14 in the Gazebo.

A large number of parents and sons enjoyed the delicious meal served by the mothers. Mr. Larry Mitchell was master of ceremonies and a very capable one. He called upon the coaches of the three hockey teams, starting with Emile Berube for the mites, who called each player forward to present them with a crest.

Larry introduced coach Clifford Fowler next, and the Calahoo Canucks who also were each presented with a crest.

Lastly were the bantams, or Junior Scorpions as they were called. Serge Giroux was their first coach and when he left Calahoo Mr. Ed Horn took over. Mr. Horn presented each player on his roster with a crest.

All three coaches received a trophy for their efforts. A well earned round of applause was given to the Calahoo Sports Association.

The boys were then trea-

ted to bingo and the lucky ones winning cash: Tim Wilchen, Dale Schafers, Dale Toma, Trent Berube, Perry Kolesar and Grant Berube, Karl Schafers, Sean Mayo, Richard Meunier, Randy Karacont with Donnie Fowler winning the \$10 certificate from the St. Albert Sports Shop.

A TV set was brought to the hall so the hockey fans could watch the game. Many of those present were congratulating Peewee and Pearl Quintal on the birth of a grand-daughter born

to their daughter Elaine and hubby Garry Majeau in Sturgeon General Hospital on April 9, weighing 7 lbs. 7 ozs. to be called Jami Mae.

Mr. and Mrs. Paul Majeau are also very proud grandparents of this wee darling.

REMOVAL OF ONE-ROOM SCHOOL BON ACCORD

The Board of Trustees of the Sturgeon School Division No. 24 request submission of proposals for the removal of the former Willow Springs School from the Bon Accord School grounds. The frame and stucco building of approximately 864 square feet is on a cement basement. Condition of removal is that the concrete basement walls are broken below ground level and basement filled and levelled.

Submit offers in writing to: Charles Krauskopf, Secretary-Treasurer, Sturgeon School Division No. 24, Morinville, Alberta.

MORINVILLE MEMOS

By Flo McGlins

With the underhanded deal that the weatherman gave us last Friday, the Whist Drive and Bingo that the senior citizens had planned had to be postponed to April 25. So it may not be the pre-Easter party that they had planned so carefully, but it should still be a very full and enjoyable evening. Remember the action starts at 8 p.m. on Wednesday, April 25 and everyone is welcome. Birthday wishes go out to senior citizens; Mrs. Demaris and Herb Saunders for April 22, and to Lemle Ekenfor and Charles A. Kieser for April 23.

Even though it was Friday the 13th and the snow was getting heavier by the minute, the recreation board was jubilant when word came through that the MD had passed a motion to sign the proposed Regional Recreation Agreement. Your rec. board feels that now there will be a much wider program offered, and many more areas of recreation can be served. So after more than a year of work this time, it seems as though it really was worth it. The Morinville Recreation Board is still wondering whether there isn't someone (perhaps new in town) who is interested in working with them and serving in the capacity of secretary. With plans for a summer playground in progress

and the hopes for artificial ice, it proves to be a very rewarding and worthwhile bit of volunteer work. Please don't wait to be asked because your recreation board just doesn't know everyone in town anymore.

Wednesday, April 11 saw a large group of friends and relatives gathered at the Recreation Centre to honor bride-elect, Elaine Himschoot, at a miscellaneous shower. Hostesses for the evening were Julie Himschoot and Connie Craig. It was a very enjoyable evening for all with the usual 'fun games' and a grand lunch being served. Elaine was presented with numerous useful and lovely gifts, for which she very ably thanked all those present. Elaine will become the bride of Gary Craig on Saturday, April 28.

Recovering from recent back surgery, Octave Himschoot is reported to be doing well and the doctor says he should be up and around for his daughter's wedding on the 28th. Everyone is hoping to see you home very shortly.

PLEASE NOTE: There will not be a Brownie meeting on Tuesday, April 24. Cancelled due to Easter holidays.

The 2nd Brownie Pack held a Fly-Up on April 10 with Tracy Anderson, Karen Johnson, and Laurie Bulger flying up to Guides. The ceremonies were carried out with a Dutch theme complete with a windmill and tulips. Brown Owl, Linda Pifko, presented the girls with their wings and Snowy Owl, Eileen Vollmer presented them with golden tulips. Tawny Owl, Barb Tailleux read a poem about brownies moving up to join new friends in guides, and commissioner, Lena Keith congratulated each girl as she came across to girl guides. Gloria Ellis presented each girl with an autograph book on behalf of the Mother's Local, while the new guides were introduced to their new leaders - Captain Gwen Knoll and Lieutenant Sandy Lambert. Songs and a lunch completed the evening.

The Pack is planning a sleep-in on Wednesday, April 25 at the International Building, and all 16 girls are expected to join in. They

need one adult for every five girls so the help of two mothers is urgently required. The sleep-in will be from 7 p.m. on Wednesday till 2 p.m. on Thursday. Can you come out and help look after the girls? Please call Barb Tailleux at 256-3152.

The Morinville Guides are holding their second sleep-in on the same dates - April 25 and 26, at the Legion Hall. Gwen Knoll and Sandy Lambert will be the supervisors. There were supposed to be some guests attending this sleep-in, but last minute changes were called in, so the Morinville group will be on their own this time. The usual 'horror stories' will have to be practised on each other.

Would it be possible for us to mention 'bicycle riders' again this week? Before the ink was dry last week, we saw the following: two teen age boys (one is 16 and the other 18) riding full-till down the sidewalk - drag racing on bicycles? Then there were the three young boys (about nine years) who were doing skid tests from the town office to the post office; and the three little girls (about seven - nine) who stopped in the middle of an intersection to have a 'chat'. Wonder what the parents would have to say if those bicycles were banned from the main streets altogether? Please remember that bikes must obey the same rules as the cars, and must use signals!

The McGlins family is off to B.C. for a few days visiting the John Nightingale family (Flo's brother) at Fraser Lake. While they are away the office will be looked after by Lawrence Fuchs, the licensed salesman.

Don't forget the Board of Trade spring meeting to be held May 7 at the Legion Hall.

Upcoming events: May 9 Sports Association general meeting to elect some new directors. May 12 - Lions Charter Night.

For any news items or advertising assistance you are asked to call the Gazette office direct at 459-7001 for the April 25 issue while Flo is away.

Frontier Daze Association Circulates 1973 Pamphlet

By Flo McGlins

On Tuesday, April 17th every resident of Morinville received a small pamphlet from the Frontier Daze Association, and it is hoped that there will be a good response from the request that was contained therein. The pamphlet noted some history of the Frontier Daze, plus naming the executive for 1973, noting that meetings are held every 2nd and 4th Tuesday of the month from February till July. All meetings are open to the public and any suggestions or ideas from residents of Morinville and district are welcomed. The executive listens to all proposals, and so far this year they have agreed to include items or events suggested by several individuals. In the pamphlet

distributed, residents of Morinville have been asked, "In what particular area or event does your interest lie?" Residents have been given a choice of where they would like to put their energies.

Some of the items listed are: baseball, parade, popcorn, horseshoes, arts and crafts, charity races, bingo, pop, kiddies tent, beer gardens, hot dogs and chips, and on and on. This pamphlet is a new idea, and now there is a chance for people to speak up and say, "I like working in the ice cream department, but I hate working with the popcorn." And this year, everyone has been asked to join in, as in past years, some of the newer residents had not been specifically asked and felt

'left out of the community. For anyone new in Morinville, if you have not been involved with a Frontier Daze celebration yet, you don't know what you are missing. The whole town gets involved and 'Daze Fever' seems to be an understatement.

The 1973 secretary, Claudette Turgeon is in charge of receiving all replies and she tells us that by distributing the pamphlet early, they hope that many people will voice their opinion and perhaps 'no one' will have to be switched around from one department to another at the last minute.

So, for Morinville's Frontier Daze celebrations on June 23 and 24, it is FULL STEAM AHEAD!

Morinville Brownies Plan Active Season

By Flo McGlins

The 2nd Brownie Pack are planning quite a few meetings if the weather will only co-operate. The girls are all ahead in their Golden Bar and Golden Hand, and there are even four girls who have completed their Golden Hand but are unable to fly-up because of their age. Hopes are to have a Litter-Chase in town, visit Heritage Lake, hold a Revel, Weiner Roast and a Sleep-In.

April 25 is the date planned for the Sleep-In and there is a need for mothers to volunteer their time to sleep with the girls and give a little help with making breakfast. If you could help out please call Barb Tailleux at 256-3152.

The 2nd Pack would like to thank all the mothers who have given their help this year and who have been to visit the pack. It is very enjoyable when the mothers come to give a hand or just to visit. Each girl has to make a telephone call for

her Golden Hand and the girls have put all the mothers' names in a bowl and in turn each girl has pulled a mothers' name and phoned that person, inviting her to come and visit the pack. Some mothers have helped with crafts, while others have been on making/tea and coffee, and have even tested some girls on their badges. Thank you mothers!

LEGAL LOCALS

By Lucienne Montpetit
To all my readers I would like to wish them a very Happy Easter.
Un joyeux Paques tous!

The brownies and gaisles will have an Easter tea, bazaar and bake sale at the Recreation Centre on Saturday, April 21 from 10 a.m. to 5 p.m. The girls will have Easter "goodies" for sale, they will also provide entertainment for the kiddies while mother enjoys a quiet cup of tea. Come and encourage the girls. See you all on the 21st.

Mrs. Jeanne Maurier, Mrs. Lucille Dube, Mrs. Genevieve Champagne, Mrs. Sharon Rimpel, Mrs. Annette Bruce, Lorraine de Champlain and Margo Montpetit wish to thank the Mothers' Group for sponsoring them when they attended the training held in Edmonton on April 6, 7 and 8.

Mrs. Mary Quaghebeur is back home recovering after undergoing major surgery. Get well soon Mary.

Mr. and Mrs. Leon Prefontaine have sold their home to Mr. and Mrs. Roger Bourassa from Saskatchewan, Mr. and Mrs. Prefontaine have now retired at the Chateau.

Congratulations to Mr. and Mrs. Ronald St. Jean who are the proud parents of a charming baby girl Chantal, born on April 10, weighing 4 lbs. 6 oz. Hippo to welcome their first granddaughter are the maternal grandparents Mr. and Mrs. Wilfred Larose and paternal grandparents, Mr. and Mrs. Lorenzo St. Jean.

The brownies wish to thank the readers who were kind enough to send them the Browline page from the February issue of the Chateaine. The Gazette goes a long ways . . . because they report receiving pictures from as far as Vancouver.

Best wishes for a long and happy married life to Mr. and Mrs. Raymond Rivard who were married on April 7, also to Mr. and Mrs. Gary Belle who were united in the holy sacrament of matrimony on April 14.

The annual meeting of the Legal Co-op Association Ltd. will be held on April 25 at 8 p.m. at the Legal Community Hall.

MFC will have their Congress in Vimy on April 25. We hope many Femmes Chateaines will make an effort to attend. The men are also invited.

Sturgeon MD. Approves Flood-Control

The Municipal District of Sturgeon Council last week, at its regular monthly meeting discussed, along with other timely topics, several drainage schemes designed to alleviate flooding within the MD.

Manawau District representatives attended the meeting to submit three proposals which would improve drainage in the Manawau Lake area. The said proposals had been prepared by the Provincial Department of Water Resources. After serious consideration of all three plans, the MD Council approved Proposal No. 1 briefly described as follows: That the MD leave the structure on the outlet of Manawau Lake as is and not make channel improvements downstream from the lake. This proposal will result in the Water Resources Division acquiring approximately 1,276 acres of land in the Manawau Lake area at no cost to the district.

Another flood-control proposal was accepted by the MD council, this one is known as the Snider Flood Control Scheme and deals specifically with Sections 12-57-24-4 and 6-57-23-4. The flooding situation in this area not only affects farmland but municipal roads and it was in view of this annual damage that council agreed to participate in the program. The terms covering the cost of \$6,720 for ditching will be borne 50 per cent by the Water Resources Division, 25 per cent by the farmers of the locality and 25 per cent by the Municipal District. The MD expects prepayment of the farmer's share as computed by the committee appointed by council.

Other areas within the municipal district affected by flooding and to receive

"One nice thing about being a man," said the glamorous girl, "is that you wouldn't have to kiss someone who hasn't shaved for two days."

attention this year include the following . . . besides the two sites described above: Sturgeon, downstream from St. Albert; Lily Lake North half Sections 28 and 29-57-23-4th; Sturgeon and Riviere Qui Barre North and North-West 2-54-26-4th and North of North-West of 13-55-27-4th; Fearnley drainage scheme, two miles from 21-56-22-4 with a slough on the said quarter. Costs will be borne on a 50-50 basis between the farmers of the area and the Water Resources Division.

PFRA (Prairie Farm Rehabilitation Act) are to accept the responsibility of constructing a control gate; north half section 1-54-26-4th; Magara/McRobbie drainage project and the Gilbert Drainage Scheme from the County of Barrhead to the MD of Sturgeon, this involves the construction of a drainage ditch which will in fact join the County to the MD.

Another seasonal problem was dealt with by the MD council, that of road bans. Council approved that 50 per cent ban will be imposed immediately on all municipal roads that are oiled, also portions of Highway 2, a portion of Old Highway 28, Secondary Road 635 and portions also of Highway 15.

Members of the MD council will be touring the municipality on May 4 with a view of determining priorities of construction and oiling of roads.

The Bertha Worm Control scheme, which has been effectively functioning for the past years will again be put into motion this year. Council approved the proposal as defined by the Agricultural Service Board.

Council agreed to apply for a STEP Program to assist with Senior Citizens' living within the municipality and also agreed to hire two additional employees to devote their time in this temporary work.

The Municipal Council en-

dorsed a resolution to be submitted to the Assessor's Association relating to a reduction in assessment where farmers have planted windbreaks.

NAMAO NEWS

By Norma Crozier
An Easter Sunrise Service will be held at Namau Church on April 22 at 7:30 a.m. Breakfast will be served after the service. Cooks and servers are still required (men), no previous experience necessary. There will also be the regular morning service at 11:30 a.m.

Congratulations to Mr. and Mrs. Evan Miller on the birth of a son, Jason Lee. Proud grandparents Dr. and Mrs. E. Miller and Mr. and Mrs. Rudy Tymo.

Namau UCV's spring luncheon was held at the home of Mrs. Hugh Crozier on April 11. Guest speaker,

Mrs. Vern Wishart showed slides and spoke of her five years of mission work in India. A life membership was presented to Mrs. Carmen Cameron. A most enjoyable and interesting afternoon.

Seventy-five Namau fans of the Pentitico Broncos travelled to Calgary over icy roads, by chartered bus on Friday night to watch the second game of their seven game series against Calgary Leslie Crozier scored in the first period on an assist from Lee Crozier and Douglas Lawton. The Broncos won with the final score 5-3.

Congratulations to Roger Suryan, young old son of Mr. and Mrs. Ted Suryan who won a 20 volume set the New Book of Knowledge. His Grade 3 class entered the Tell My Why column in the Edmonton Journal and his question was "How Do You Get Chicken-pox?"
